From the Principal

School overview

Welcome to Trinity Beach State School! We are a community of learners, committed to innovation and led by a united vision for professional excellence. At Trinity Beach we offer a distinctive learning environment. We believe in engaging children in learning experiences that foster their independence, creativity and the connectedness needed in today's world and our global future. Our mission is to "Engage young minds to meet the challenges of the future by offering unique world class education programs from the early years to university and beyond". We recognise the individuality and varied abilities of our students and provide every opportunity for them to find their passion, take risks, strive to improve, succeed and learn from any set-backs. Our school offers students access to a range of specialist academic programs and extension co-curricular activities – including sport, instrumental music and language studies. Trinity Beach State School is embedded in our Northern Beaches' community. We work to continually foster positive relationships with our families, local businesses, surrounding schools, clubs and professional associations. It is through these productive partnerships that we are able to deliver dynamic educational experiences for our students.

Measures of success...

Student Performance: Average grading across classes - 10% A, 30% B, 50% C (English and Maths) Staff Capability: 90% of staff identify they have improved in their pedagogical capability Team Efficacy: 90% of staff identify they are part of a highly reliable team

Average class sizes

Table 2: Average class size information for each phase of schooling

Phase of schooling	2017	2018	2019
Prep – Year 3	22	25	23
Year 4 – Year 6	27	27	26
Year 7 – Year 10			
Year 11 – Year 12			

Note:

The <u>class size</u> targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at https://education.gld.gov.au/curriculum/stages-of-schooling/p-12.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here https://www.qld.gov.au/education/schools/information/programs.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at https://www.qld.gov.au/education/schools/health.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at https://education.gld.gov.au/parents-and-carers/community-engagement

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multidepartmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community, Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships

^{#&#}x27;Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

School disciplinary absences

Long suspensions – 11 to 20 days	2	1	2
Exclusions	0	2	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019	
Electricity (kWh)	44,024	418,861	473,570	
Water (kL)	3,551			

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.
