

## BYOx Laptop minimum requirements

Device	Laptop
<b>Physical Dimensions</b>	Screen size 13.3 inch
<b>Operating System</b>	Microsoft Windows 10 /11  NOTE: MACOSX, ChromeOS not supported
<b>Windows on S-Mode</b>	Most local retailers are now selling laptops with Windows 10/11 S Mode as the pre-installed operating system (OS). This OS locks the computer down to a state where the user is unable to install any programs that are not from the windows store.  This version of Windows is not compatible with our schools BYOD program. However, you can choose to switch out of S mode at no extra charge. <a href="#">Switching out of Windows 10/11 S mode guide</a>
<b>Storage / Hard Drive</b>	256GB Solid State Hard Drive (SSD)
<b>Memory</b>	8GB
<b>Processor</b>	I3 / Ryzen 3
<b>Wireless Capability</b>	5Ghz 802.11AC
<b>Battery Life</b>	5 – 6 hours to cover the school day (the charging of laptops is not allowed at school for reasons of student safety).
<b>Recommendations</b>	<ul style="list-style-type: none"> <li>• Maximum weight 2kg</li> <li>• Accidental Damage Protection Insurance</li> </ul>
